Objective

Full-stack Developer passionate about building responsive and scalable MERN stack applications, contributing to real-world solutions that enhance user experiences through efficient design and clean code.

Experience

SYSLABS   **May 2025 – July 2025**

Web Development Intern   *View Certificate*

- Worked on the Orgofin HRMS project with a focus on developing and optimizing the Attendance Management module.
- Implemented admin features to add employees, create departments, and manage employee records.
- Received appreciation for dedication, strong technical skills and consistent professional growth during the internship.

Technical Skills

Languages: Java, JavaScript
Frontend: HTML, Tailwind CSS, React.js
Backend: Node.js, Express.js
Databases: MySQL, MongoDB
Developer Tools: Git, GitHub, Postman, Vercel

Projects

ProPathAI *(Tech Stack: React.js, Node.js, Express.js, Tailwind CSS, Gemini API)*   **GitHub**

- Built an AI-driven platform for interview preparation and senior–junior mentorship.
- Developed an AI interview module that generates domain-based questions and provides instant feedback with corrections.
- Implemented a senior–junior slot booking system with automated Google Meet scheduling and secure role-based access.

AgriVision *(Tech Stack: MERN Stack, Street Map API, Weather API)*   **GitHub**

- Built a smart agriculture platform to connect farmers, sellers, and consumers for better product distribution.
- Used Street Map API to add real-time supplier location tracking through latitude and longitude.
- Integrated a Weather API to provide live climate data, helping farmers make informed decisions.

Education

Bachelor of Technology in Computer Science and Engineering   **Expected 2026**

RGUKT Basar, Telangana, India   *Current CGPA: 8.69 / 10.0*

Pre-University Course with Python Specialization   **2020 – 2022**

RGUKT Basar, Telangana, India   *CGPA: 8.53 / 10.0*

Secondary School Certificate   **2020**

TSMS Dharpally, Telangana, India   *CGPA: 10.0 / 10.0*

Certifications

- Certificate of Excellence – Java Course: Mastering the Fundamentals, Scaler [View Certificate]
- Certificate of Completion – NLP with Python for Machine Learning, LinkedIn Learning [View Certificate]
- Certificate of Completion – Prompt Engineering for Generative AI, LinkedIn Learning [View Certificate]

Achievements

- Solved 350+ Data Structures and Algorithms problems across platforms such as GeeksforGeeks and LeetCode to strengthen problem-solving and logical reasoning skills.
